Song Lyrics

A nose that's a sculptor's delight
You like it?
A rosebud mouth that's just right
Thank you
Eyes that sparkle bright just like you
Awwwwwww
A chin and cheeks with dimples too
Bravo bravo bravo

Where you go
See chaos ensue
Was it you?
Me?

What did you do?
Do do do do do do do
Do do do do do do do
What did your beauty do?

You cause consternation, oh why?
Can't help it
Cyclists crash as you go by
With helmets
Trains roll right off their tracks
Yay freedom!
Cars collide in their stacks
Artistic

Where you go
See chaos ensue
Was it you?
Me?

What did you do?
Do do do do do do do
Do do do do do do do do
Do do do do do do do
What did your beauty do?

Your soundtrack is knock boom and crash
You forgot bang
Surfers spot you and splash
Or splosh
Planes freeze up in the sky
Uh oh
Boats are beached high and dry
Oh no

Skiers get a face load of snow
So slapstick
Climbers shrug and let go

Song Lyrics

They're harnessed
Even the goats look up from their grass
So cute!
And blimps deflate as you pass
Safe landing

Chaos
Wherever you go
I know it was you
Me?

What did you do?
Do do do do do do do
Do do do
Do do do do do do do
Do do do do do do do
Do do do do do do do
What did your beauty do?

See what I do

Do do do do
Do
Do
Do
