

Rounou

Album: **Fallout**
Track: **Hymn/ Him**
Song Lyrics

Hazy days
In a daze
Dance through endless time
Once felt whole
Feel the hole
He left me slowly fray
Fated prey
How I pray
You can dream now in sleep

Cause a scene to be seen
To be locked away
Live an alter reality
Seek an altar in vain
Pretend he didn't die
All the scarlet was merely dye
Learn to live without him
Atone with a hymn

Time won't wait
Halved his weight
Watch him waste away
Could he see
Lost at sea
Our shattered lifeboat ashore?
Electric blue
Eyes that blew
Fiercely nonchalant

Cause a scene to be seen
To be locked away
Live an alter reality
Seek an altar in vain
Pretend he didn't die
All the scarlet was merely dye
Learn to live without him
Atone with a hymn

Final week
He was weak
Leave him in the dust
How could I
Meet his eye
With the trust that wouldn't sway?
Let it rain
I won't rein in
Regret

Restless at night
See me dabble in
Trickery / Treachery

Album: **Fallout**
Track: **Hymn/ Him**
Song Lyrics

See him there
At the foot of our bed
His shadow owning me
Time rewinds
We're just like before

I don't cry out
Or warn him
Don't heal him
Or flee

No!
Don't drag me away from him
Don't drag him away from me

Cause a scene to be seen
Final week he was weak
To be locked away
Leave him in the dust
Live an alter reality
Could he see, lost at sea
Seek an altar in vain
Lifeboat strewn on the shore?
Pretend he didn't die
Electric blue
All the scarlet was merely dye
Eyes that blew
Learn to live without him
Fiercely nonchalant
Days in a daze
Atone with a hymn
An endless dance

Face the stares
On the stairs down
To my abyss

Nothing left
Nothing
Left to lose

Let it rain
I won't rein in
Regret
